## Equip Your Community for Compassionate Care

Using conversations surrounding cancer as the training ground, this three-hour, interactive workshop gives your congregation the what (tools) and the why (mind-set) for the difficult conversations that are inevitable in community.

.....  
An investment in your community of care:

- **Fosters a Culture of Congregational Care:** Empowers every member with the confidence and skills to provide meaningful, effective, peer-to-peer support.
- **Creates a Genuinely Supportive Community:** Reduces hurtful platitudes, awkward silences, and ghosting, creating a safer space for members to navigate life's most difficult seasons.
- **Lightens the Pastoral Care Load:** Shares the ministry of care among many hands, reducing clergy burnout and allowing leadership to focus on critical spiritual needs.

### ***Logistics at a glance***

**format:** in person or live online

**includes:** The Cancer Cards and a journal for each participant

**audience:** all congregants 12+

### ***The investment***

Packages start at \$1997 online and \$3997 in person.

A variety of upgrades is available.

*"I haven't had many constructive conversations like this so it was refreshing to have a space like this. Thank you for creating this."*

*-Rachel Daniels*
